One Bus, Many Possibilities

At just 7 metres, the Yutong D7 delivers the flexibility to go where larger coaches can't, without compromising on performance, passenger comfort or quality. With seating for up to 28 passengers, its compact footprint and exceptional manoeuvrability make it ideal for tighter routes, and narrow roads. Inside, a quiet, comfortable cabin creates a refined journey for every passenger, while dependable Yutong engineering gives operators confidence on every route.
