One Bus, Many Possibilities

The Yutong C10 delivers the ideal balance of passenger comfort, dependable performance and operational flexibility in a versatile 10-metre coach. Its mid-size footprint makes it well suited to a wide range of applications, from school and charter services to touring, shuttle and mining operations, offering the manoeuvrability to adapt to varied routes without compromising on capability. With flexible seating configurations, a comfortable passenger cabin, and the durability to perform across Australian conditions, the C10 is a practical, reliable solution for operators seeking long-term value from every journey.
