

Built For The Toughest Sites.

Buses built to move Australian industry,
backed by proven reliability.

Meet Sustainability Targets, Without Compromise.

The mine-ready Yutong C12 is configured with the safety, durability and compliance features required for modern mine sites, helping operators move crews safely and reliably every shift.

EURO 6 COMPLIANCE

Meets Australian emission requirements and a smart investment for long-term compliance.

BUILT TO ENDURE

High-strength materials and full vehicle electro-plating for optimised durability and anti-corrosion protection.

RELIABLE PERFORMANCE

Tested against all scenarios including extreme heat, wet weather and sub-zero temperatures.

PASSENGER SEATBELT MONITORING WITH ALARM

ALCOLOCK BREATHALYSER INTERLOCK

ADR68/01 ILLUMINATED "FASTEN SEATBELTS" SIGN

The Smarter, Safer, More Reliable Way To **Move Your Workforce.**

✓ ADVANCED SAFETY & ASSISTS

Equipped with automatic emergency braking, electronic stability control, anti-slip reduction, and rollaway immobilisation for improved safety and reliability.

✓ CUMMINS EURO 6 ENGINE

With exceptional power and high torque output, this bus confidently handles steep gradients, heavy passenger loads, and challenging terrain while maintaining smooth, efficient performance.

✓ ADR59 AND ADR68 COMPLIANT

Meets strict ADR standards for rollover strength and occupant safety, ensuring a safer journey for all on board while meeting current regulations.

Transport Built For *Your* *Mine Site.*

C12 MINE-SPEC BUS : VEHICLE SPECIFICATIONS

BODY

L*W*H (mm)	12,370*2,500*3,610
Wheelbase (mm)	6,450
Front/Rear Overhang (mm)	2,600/3,320
Turning Circle (m)	< 24

MASS

GVM	18,000 kg
Towing Capacity	1,800 kg

SEATING

Type/Make	ADR68 occupant protection in buses reclining seats / 3-point seat belts
Passenger Capacity	53

DRIVE SYSTEM

Make/Type	Cummins 6 cylinder
Emission Type	Euro 6
Displacement (L)	8.9
Rated Output	250kW (335hp) @ 1900 RPM
Rated Torque	1600Nm (1180ft) @ 1000 - 1500 RPM
Fuel Tank (L)	400
AdBlue Tank (L)	45

STORAGE

Type	Full through luggage bins (3 pantograph doors per side)
Capacity (L)	8,000

SUSPENSION & BRAKING

Electronically Controlled Air Suspension (ECAS)	Kerb kneeling	Hill hold/short stop brake	Acceleration Slip Regulation (ASR)
